

Keeping Safe During Recreation and Play

Recreation is fun activities we do in the community like:

The government has made some new rules to make sure we stay safe when going back to our recreation

If you are unwell stay home and do not go to your regular recreational activities

Remember to wash or sanitise your hands before and after
you go to your fun activities

Pack hand sanitizer in your bag

Follow the signs showing you how to stay safe

Try to keep 1.5m between you and the next group of people

Wash or sanitise your hands before eating

Try not to touch your face

You can use public toilets. Wash your hands after you are finished

We can go do fun activities and keep each other healthy and safe by following the rules
